MINUTES OF THE 2010 ANNUAL TOWN MEETING

To the inhabitants of the Town of Wakefield in the State of New Hampshire qualified to vote in town affairs:

You are hereby notified of the First and Second Session of the 2010 Annual Town Meeting as follows:

FIRST SESSION

You are notified to meet for the First Session of the Annual Town Meeting, to be held in the Opera House of the Wakefield Town Hall, 2 High Street, Sanbornville, New Hampshire, on Saturday, January 30, 2010, at 7:00 p.m. The first Session will consist of explanation, discussion, and debate of each of the following warrant articles, and will afford those voters who are present the opportunity to propose, debate, and adopt amendments to each warrant article, except those articles whose wording is prescribed by state law.

The inhabitants of the Town of Wakefield met at the Opera House of the Town Hall at 7:00pm to discuss the town budget according to the above notice.

The Moderator Bradley Hayes opened the meeting at 7:00pm. Mr. Dino Scala led the pledge of allegiance. Father Edmund Babicz gave the invocation.

The Moderator introduced himself and Town Clerk Teresa Williams. He introduced the Selectmen's Chair Mark Duffy, Selectman John Blackwood and Selectman Ken Paul, Town Administrator Robin Frost and Town Attorney Richard Sager. He introduced the Budget Committee Chairperson Howard Knight, who in turn introduced the members of the Budget Committee. Mr. Knight stated that immediately following this session the budget committee will be meeting to discuss and vote on any money articles that might have had a change.

The Moderator introduced Aislinn Johnson to discuss the Census 2010. She mentioned that the Census Bureau is hiring people to help with the census throughout the year. They pay approximately $15.00 per hour and they will train here in town.

The Moderator recognized Phil Twombley who made a motion that this session of the town warrant be adjourned by 11:00pm and no article be taken up for consideration after 10:50pm. In the event that all articles in the warrant have not been acted upon, the Moderator is authorized to reconvene this session at a date, time and place, which meets the approval of the majority of the voters present. Motion was seconded and passed unanimously.

The Moderator mentioned that we have two pagers this evening from the Paul School-- Marrissa Williams and Joe Scala. He asked that you wait for them to come to you with the microphones before speaking.

The Moderator recognized Town Clerk Teresa Williams. Mrs. Williams stated that every year the Town Clerks Association and the Secretary of State's office at a clerks meeting pick the letter that could be used by towns for the order of the names on the ballot. She stated that this year the letter drawn was "N".

The Moderator stated that under SB2 we cannot vote on articles this evening (that is done at the election in March), but we can amend any article except the zoning articles. He then stated the Rules of Order.

Selectmen Mark Duffy recognized John Blackwood for all of his years of service as Selectmen.

Article 2: Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment adds "Home Based Contractor Yards" both new and existing as a permitted use in specific zoning districts and adds development standards and related definitions associated therewith? **(Majority vote required.)**

The Moderator read the article. Planning Board chairperson Rodney Cools spoke to the article stating that contractor yards are not permitted in the town. This article would change that permitting them in certain districts. It would also make the ones that are there now grandfathered. Bruce Rich asked how this article is going to be able to keep up with the rural character and setting of our town. Mr. Cools stated that the contracted yards will only be permitted in certain districts and if it is a new yard they will have to come to the town for a permit.

No further discussion on this article.

Article 3: Are you in favor of the adoption of amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment adds Car Wash as a Permitted Use in specific zoning districts? **(Majority vote required.)**

The Moderator read the article. Mr. Cools spoke to the article. He mentioned that the planning board has had lots of request to have a car wash in town. Everybody has to travel very far for a car wash. He said that there are some areas in our town that would allow a car wash.
No further discussion on this article.

Article 4: Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment removes language in its entirety from existing Article 17 – Route 16 Corridor and reserves Article 17 for future use? **(Majority vote required.)**

The Moderator read the article. Mr. Cools spoke to the article stating that this is just a housekeeping article.
No discussion on this article.

Article 5: Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment modifies language to existing Article 24 – Personal Wireless Service Facilities by changing the maximum height of a ground mounted facility and adding a requirement to the procedure? **(Majority vote required.)**

The Moderator read the article. Mr. Cools spoke to the article stating that there has always been a problem because our ordinance states that the wireless towers can only be 10 feet above the canopy. They want to increase it to be 30 feet above the canopy. Mr. Rich asked if anyone from the wireless companies has reviewed this proposal. Mr. Cools stated they have not, but would probably be in favor.
No further discussion on this article.

Article 6: To see if the Town will vote to raise and appropriate the sum of Fifty Thousand Dollars ($50,000) to be added to the Ambulance Capital Reserve Fund previously established. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen, by a vote of 2-0, and the Budget Committee, by a vote of 10-0.

The Moderator read the article. Mr. Paul moved the article and Mr. Duffy seconded. Mr. Paul spoke to the article stating this money is to go toward purchasing a new ambulance with the current ambulance to become back up ambulance. They would then retire the current back up ambulance. The current ambulance is a 2003 with almost 100,000 miles.

No discussion on this article. Article was left as written.

Article 7: To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars ($10,000) to be added to the Bridge Construction Capital Reserve Fund previously established. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen, by a vote of 2-0, and the Budget Committee, by a vote of 10-0.

The Moderator read the article. Mr. Blackwood moved the article and Mr. Duffy seconded. Mr. Blackwood spoke to the article stating that this money will help with the repair of bridges that are on the red list mainly, Canal Bridge and North Wakefield Road Bridge. The current reserve fund is $31,602.04. Mr. Keating stated that part of the Canal Bridge is in Maine and asked if Maine would help with the repairs. Mr. Blackwood is thinking that Maine probably would not help.

No further discussion. Article was left as written.

Article 8: To see if the Town will vote to raise and appropriate the sum of Twenty-five Thousand Dollars ($25,000) to be added to the Fire Truck Capital Reserve Fund previously established. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen, by a vote of 2-0, and the Budget Committee, by a vote of 10-0.

The Moderator read the article. Mr. Paul moved the article and Mr. Duffy seconded. Mr. Paul spoke to the article stating that the fire department is looking to replace Tank 1 in 2012. This is the primary water tanker and it is a 1967.

No discussion on this article. Article was left as written.

Article 9: To see if the Town will vote to raise and appropriate the sum of Thirty Thousand Dollars ($30,000) to be added to the Police Cruiser Capital Reserve Fund previously established. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen, by a vote of 2-0, and the Budget Committee, by a vote of 10-0.

The Moderator read the article. Mr.Duffy moved the article and Mr. Blackwood seconded. Mr. Duffy spoke to the article stating this is an annual cruiser replacement article. The current balance is $1,592.35.

No discussion on this article. Article was left as written.

Article 10: To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars ($10,000) to be added to the Technology Capital Reserve Fund previously established. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen, by a vote of 2-0, and the Budget Committee, by a vote of 9-1.

The Moderator read the article. Mr. Duffy moved the article and Mr. Blackwood seconded. Mr. Duffy spoke to the article. He mentioned that the board did not put any money into this reserve fund last year. They waited a year to replace the server. The server is scheduled for replacement and will not be carried on our computer maintenance contract if it is not replaced. The current balance is $18,120.78.

No discussion on this article. Article was left as written.

Article 11: To see if the Town will vote to establish a Capital Reserve Fund pursuant to RSA 35:1 for the purpose of Emergency Management and to raise and appropriate the sum of Two Thousand Dollars ($2,000) to be placed in said fund and further to appoint the Board of Selectmen as agents to expend. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen, by a vote of 2-0, and the Budget Committee, by a vote of 10-0.

The Moderator read the article. Mr. Paul moved the article and Mr. Blackwood seconded. Mr. Paul spoke to the article stating that every year they have appropriated for this line item, but if it does not get spent then

it goes back into the general fund. If they have a Capital Reserve Fund they can accumulate money in case of a real emergency.

No discussion on this article. Article was left as written.

Article 12: To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars ($10,000) for engineering and right-of way expenses for the sidewalk project to allow safe passage for school children on Burroughs Avenue, Gary Road, Forest Street, and Taylor Way. This project is funded partially from a grant for Transportation Enhancement and this request is part of the Town's match for that grant. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen, by a vote of 2-0, and the Budget Committee, by a vote of 10-0.

The Moderator read the article. Mr. Duffy moved the article and it was seconded. Mr. Duffy made a motion to zero the article seconded by Mr. Blackwood. He stated that the $10,000 was supposed to be for design fees, but the way the article is written DRA would not allow us to spend it that way.

A vote was taken on the amendment. The amendment passed by a show of hands.

No further discussion on article.

Article 13: To see if the Town will vote to change the purpose of the existing Fire Truck Capital Reserve Fund to the Purchase and Equip Fire Vehicles Capital Reserve Fund. (2/3 vote required.)

The Moderator read the article. Mr. Paul moved the article and Mr. Duffy seconded. Mr. Paul spoke to the article. He stated the original capital reserve article was written to allow the purchase of one fire truck, but it had been used to replace other fire vehicles. This article is just to clarify the wording of the original article.

No discussion on the article. Article was left as written.

Article 14: To see if the Town will vote to raise and appropriate the sum of Thirty-five Thousand Nine Hundred Forty-five Dollars ($35,945)

to purchase and equip a fast-response command vehicle for the Fire Department. (Majority Vote Required.)

This appropriation is recommended by the Board of Selectmen, by a vote of 2-0, and the Budget Committee, by a vote of 10-0.

The Moderator read the article. Mr. Paul moved the article and Mr. Blackwood seconded. Mr. Paul stated that this article would replace the current command vehicle that is used by the fire chief. The current vehicle is a 2001 Crown Victoria that was an old police cruiser and it has about 400,000 miles.

No discussion on this article. Article was left as written.

Article 15: To see if the Town will vote to raise and appropriate the sum of Eleven Thousand Dollars ($11,000) for the preparation of the Historical and cultural Chapter of the Master Plan to be completed by a Preservation Planner. Six Thousand Six Hundred Dollars ($6600) is expected to be in the form of a CLG grant, and Four Thousand Four Hundred Dollars ($4400) will come from general taxation. This article is a non-lapsing article and will not expire until the project is completed or the end of the year 2012, whichever happens first. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen, by a vote of 3-0, and by the Budget Committee by a vote of 9-1.

The Moderator read the article. Mr. Duffy moved the article and Mr. Blackwood seconded. Mr. Duffy spoke to the article stating that this is to help all of our Historical buildings and bridges. We currently do not have a chapter in the Master Plan referring to Historical buildings. In order to put it into the Master Plan we need to hire a professional preservation planner.

Mr. John Waitner from the Heritage Commission spoke to the article.

No further discussion. Article was left as written.

Article 16: By Petition: To see if the Town will vote to advise the town's selectmen that the town should spend no more than $75,000.00 (seventy five thousand) for the purpose of funding all matters pertaining to Building Inspection/Zoning administration to include all items contem-

plated in the towns budget account 01-4240-1- (110, 112, 121, 610, 625, 670, 635, 810) said amount to include all monies spent on full/part time employees, administrative cost, consultants, and contracted services.

The Moderator read the article. Mr. Fogg moved the article and Mr. Edwards seconded. Mr. Edwards spoke to the article. He mentioned that this had come up at a meeting of a group of people. A poll was taken at that meeting to see what this department should be spending.

Mr. Keating has been a contractor in town for about 38 years and he remembers when there was no code enforcement and no permits or fees were needed.

The code department was brought up to modern times a few years back. They have been doing a great job ever since. He stated they are very helpful with everything he needs. He feels that it is not fair that John Ciardi was laid off. Mr. Ciardi was the town's previous deputy code enforcement officer, shoreland compliance officer and deputy health officer. Mr. Ciardi mentioned how much work he did during his two years working for the town. He asked that everyone vote in favor of this article.

Mr. Morrill asked how this advisory article would affect the operation of the code department if the money was put back into the operating budget for the code department. Mr. Sager spoke stating this article has no impact on what the selectmen can do in regards to the budget. This is only an advisory article.

Mr. Robert Glidden asked why this article was even submitted if it is just advisory. Mr. Edwards stated that there has been such a decline in building over the last couple of years, so he thought it would be a good idea to see what the public thought of the article.

Mrs. Linda Blackwood asked how the petitioners actually came up with the figures. She watched it on the cable channel and it looked like it was just an auction for the amount. She feels that this department works hard and their jobs should not be put up to auction. Mr. Mankus spoke to how they came up with the figures.

Mr. Richard Wessell stated that the shoreland protection act is the responsibility of the State of NH DES not the responsibility of the town. Mr. Wessell did compliment the Board of Selectmen, Robin Frost and the budget committee for doing such a great job this year on the budget.

Attorney Richard Sager spoke to the article. Mr. Sager made a motion to amend the article to read "To see if the Town." It was seconded.

Mr. Fogg made mention again that this article and article 17 are only

advisory articles and designed to gauge the feelings of the town.

Mr. Harold Theiling stated that he feels it should stay on the ballot so the board will know the will of the voters. Mr. Tom Dube also stated that the article should go before the voters. He stated it is a petitioned article that someone has put a lot of time and effort into to bring before the voters.

After much discussion Judy Nason made a motion to move the article and it was seconded. Voted by a show of hands to move the article. All were in favor.

Five registered voters requested a secret vote on the amendment. The Moderator stated that we would move to article 18 while we wait for the total votes cast. The total of the votes cast: Yes = 86 No = 48 the amendment passed.

No further discussion on article.

Article 17: By Petition: To see if the Town will vote to advise the town's selectmen that the town should spend no more than $25,000.00 (twenty five thousand) for the purpose of funding all matter pertaining to Planning and Zoning Planning Board to include all items contemplated in the towns budget account 01-4191-1- (110, 120, 310, 320, 330, 331, 390, 570, 610, 625, 810, 821) said amount to include all monies spent on full/part time employees, administrative cost, consultants, and contracted services.

The Moderator read the article. Mr. Fogg made a motion to move the article and it was seconded. Mr. Fogg stated that this is just an advisory article just to get the information out to the town and to see how they would vote.

Mr. Blackwood made a motion to amend the article to read "To see if the Town". The motion was seconded. Mr. Ciardi spoke to the amendment that we should not change articles that were petitioned. We should just let the people vote on these articles on Election Day.

After a lot more discussion Mrs. Keating made a motion to move the article and it was seconded. All were in favor to move the article.

A vote was taken on the amendment by a show of hands. The amendment passed.

No further discussion on article.

Article 18: To see if the Town will vote to establish a revolving fund pursuant to RSA 1:95-h, for the purpose of police special details. All revenues received for police special details will be deposited into the fund, and the money in the fund shall be allowed to accumulate from year to year, and shall not be considered part of the town's general fund unreserved fund balance. The town treasurer shall have custody of all moneys in the fund, and shall pay out the same only upon order of the governing body and no further approval is required by the legislative body to expend. Such funds may be expended only for the purpose for which the fund was created. (Majority vote required.)

The Moderator read the article. Mr. Fogg moved that article and Mr. Duffy seconded. Chief Fifield spoke to the article stating the article does a couple of things. It is sort of a housekeeping article because every year there is money that is appropriated in the budget and when the officers do special detail work the revenue gets put into that line item. If the money is not spent then the money goes back into the general fund. This way will allow the account to build every year and when the fund grows it can be used to purchase items needed for the department.

Mr. Robert Glidden stated he feels that this is a slush fund for the police department. He feels it should go into the regular revenue fund accounts.

Mr. Sager made a motion to amend the article to change "RSA 1:95-h" to read "RSA 31:95-h" amendment was seconded.

Mr. Morrill asked the Chief if he knew how much money would be put into that account based on the amount collected over the past years.

Chief Fifield stated he does not exactly know, but that for each detail it could be $55.00 per hour. It really depends on how much work is going on around the area. He also mentioned that this money could be used for the purchase of a police cruiser, which would offset any money to be raised each year for that item.

Mrs. Nason stated that the article does not read that it can be used for any purchase of equipment or vehicles needed for the department. Mr. Mankus also mentioned that the wording does not mention how the money could be spent.

A vote was taken on the amendment. Amendment passed by a show of hands.

Mr. Richard Sager made a motion to amendment the article to insert wording after the wording "general fund unreserved fund balance.

" "The money in this fund can be spent for any legal purposes under RSA 31:95-h." The motion was seconded by Mr. Cools.

Mr. Keating asked why some of our officers do special detail work out of town. Chief Fifield explained that the special detail work is performed on off duty time, so it does not take any time away from the officers on duty. It really depends on where the officers are needed.

There was much discussion as to how this money is going to be spent every year and why it needs to be a revolving fund instead of a budgeted item from year to year.

Mr. Duffy made a motion to move the article and it was seconded. The article was moved by a show of hands. A vote was then taken on the amendment, which passed by a show of hands.

Another motion was made by Mrs. Nason to amend the article to read "To see if the Town" and it was seconded. A vote was taken by a show of hands and the amendment was defeated as in favor 49 opposed 70.

No further discussion on article.

Article 19: To see if the Town will vote to establish a revolving fund pursuant to RSA 31:95-h, for the purpose of cable access channel. All revenues received for the cable access channel, including franchise fees, will be deposited into the fund, and the money in the fund shall be allowed to accumulate from year to year, and shall not be considered part of the town's general fund unreserved fund balance. The town treasurer shall have custody of all moneys in the fund, and shall pay out the same only upon order of the governing body and no further approval is required by the legislative body to expend. Such funds may be expended only for the purpose for which the fund was created. (Majority vote required.)

The Moderator read the article. Mr. Duffy moved the article and Mr. Fogg seconded. Mr. Duffy spoke to the article stating that this is a way to fund the channel with out asking the taxpayers for money every year. We should be able to get money from the franchise fees that will be charged to each person that has cable.

Mr. Giffin stated that we should not give all the power to the Selectmen for the cable committee. Mr. Duffy explained that cable committee has to come before the board now for approval of items, so that part of it would not change.

Mr. Fogg made a motion to amend the article to remove the word "no" and Mr. Duffy seconded the motion. Mr. Sager mentioned what would happen if that word was removed. Mr. Fogg then withdrew his motion and Mr. Duffy withdrew his second.

Mr. Rich asked if this article was defeated in March do the franchise fees then go directly to the town's general fund. Mr. Duffy stated that is exactly what would happen.

Mrs. Lebel asked if it would be possible to get a full account of how this money has been spent though out the year. Mr. Fogg stated that possibly a statement of accounts could be presented next year.

Mrs. Stevenson stated that she noticed her cable bill went up this past month and was concerned about how much in addition the franchise fees are going to be each month. Mr. Fogg stated that it has been negotiated to be 2% of your bill.

Mr. Ellis has some concern that the article does not state how much our bills will be increased and it could be deceiving to the voters in the booth.

There was much discussion about the article.

Mrs. Keating made a motion to move the article it was seconded. A vote was taken by a show of hands all were favor of moving the article.

No further questions article left as written.

Article 20: To see if the Town will vote to establish a Drug Forfeiture Account pursuant to RSA 318-B:17-b, for the purpose of expenses related to drug enforcement activities. All revenues received for the drug forfeiture account will be deposited into the fund, and the money in the fund shall be allowed to accumulate from year to year, and shall not be considered part of the town's general fund unreserved fund balance. The town treasurer shall have custody of all moneys in the fund, and shall pay out the same only upon order of the Police Chief with approval by the governing body and no further approval is required by the legislative body to expend. Such funds may be expended only for the purpose for which the fund was created. (Majority vote required.)

The Moderator read the article. Mr. Fogg moved the article and seconded by Mr. Duffy. Chief Fifield spoke to the article. He stated that Drug forfeiture money is not supposed to go into the general fund, and that is why we need to create a revolving fund.

Mr. Lombara asked if it is only cash received or is it also property.

Chief Fifield stated that if they receive property it would eventually be turned into cash.

Mrs. Colbath asked how would this money be used. Chief Fifield is unsure at this time, but whatever money is spent it would be public, so that everyone would know where this money is being spent.

Mr. Theiling asked what other towns do with this money can it be used for other purposes in the town. The Chief stated that it could only be used for the Police Department.

No further discussion. Article was left as written.

Article 21: To see if the Town will vote to establish a Town Forest at Tax Map 50, Parcel 2 on Pray Hill Road, under the provisions of RSA 31:110, and further to appoint the Conservation Commission as the managers of said forest under the provisions of RSA 31:112. (Majority vote required.)

The Moderator read the article. Mr. Duffy moved the article and Mr. Blackwood seconded. Mr. Duffy stated that the town has owned this land since the 1930's. The Conservation Commission brought it to the attention of the Board of Selectmen and they thought it would be a good idea.

No further discussion. Article was left as written.

Article 22: By Petition: To see if the Town will vote to approve the following resolution to be forwarded to our State Representative(s), our State Senator, the Speaker of the House, and the Senate President:

> **Resolved: The citizens of New Hampshire should be allowed to vote on an amendment to the New Hampshire constitution that defines "marriage."**

The Moderator read the article. Mr. Fogg made a motion to move the article, and the motion was seconded. State Representative Dino Scala spoke to the article. He mentioned that over 150 towns and cities would be voting on this article in March. He talked about what happened after the vote at the State level in June. He mentioned that he got a few calls and people were wondering why 400 Representatives, 24 Senators and the Governor got to decide on this issue. He stated that this article does not change anything that is already on the books. The article will act as kind of a survey that can be brought back to the State Representatives

and the State Senators and it gives them a gauge to vote on a constitutional amendment called CATR 48. In order for this to come back to the people in November it would have to pass the House by a 3/5 vote which is 240 votes. If that happens it then goes before the Senate and would have to pass by a 3/5 vote, which is 15 votes. It would then skip past the Governor and be brought to the voters in November. The voters of New Hampshire would have to pass it by a 66%.

Mr. Barry Lockard spoke to the article. He stated that this has already passed and is a law in New Hampshire. He feels this should be the equal right of people, for them to decide whom they choose to marry. Mr. Lockard made a motion to amend the article to read as follows: "The citizens of New Hampshire shall be." The motion was seconded.
Mr. Scala gave a brief explanation about how the law passed.

Five registered voters on the amendment requested a secret ballot vote. The total was 37 in favor and 85 opposed. Amendment was defeated.

No further discussion. Article was left as written.

Article 23: Shall the Town raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purpose set forth herein, totaling $3,977,336? Should this article be defeated, the default budget shall be $4,093,926, which is the same as last year, with certain adjustments required by previous action of the Town or by law, or the governing body may hold one special meeting, in accordance with RSA 40:13X and XVI, to take up the issue of a revised operating budget only. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen, by a vote of 3-0, and the Budget Committee, by a vote of 6-4-1.

The Moderator read the article. Mr. Duffy moved the article and Mr. Fogg seconded. Mr. Duffy made a motion to amend the article to add $101,381.00, which is for the sewer budget and the public safety grants. This amount was missed during the budget process. The motion was seconded. A vote was taken on the amendment by a show of hands. All were in favor.

Mr. Cools made a motion to amend the article to increase the budget by $24,000. The motion was seconded. Mr. Cools stated that $10,000 would go toward hiring an outside professional planner to help finish the Master Plan, for which at this time there is $20,000 appropriated, so that would increase it to $30,000. The remaining $14,000 would go toward building inspection and code enforcement and mileage.

Mr. Wessell spoke to the fact that the town had a full time planner from April 2009 up until January of 2010 working on the Master Plan, and he feels that during that time a considerable amount of the Master Plan should have been completed. He also stated that a lot of other towns around us do not have to have a planner.

Mr. Duffy stated that the money being requested for the planning department is strictly for planning services only to work on the Master Plan.

There was much discussion on the article.

Mr. Sager made a motion to move the article and it was seconded. All were in favor.

A vote was taken on the amendment by a show of hands. All were in favor.

No further discussion on the article.

Article 24: To transact any further business that may legally come before this meeting.

The Moderator mentioned per the budget committee's posted notice that the committee would meet immediately following this meeting.

No further business. The meeting was adjourned at 10:30pm.

Immediately following the meeting the budget committee met to vote on Article 23. There were 12 members voting. The article was moved and seconded. A vote was taken by a show of hands 12 –0 on the amended article.

Respectfully Submitted,

Teresa A. Williams
Town Clerk

TOWN CLERK'S REPORT

There are changes in this office! I was appointed as Town Clerk in August because, as you know, Teresa Williams moved up to Town Administrator. Congrats to you, Teresa! The new face in our office is Angie Casperonis. Angie was hired to replace me as Deputy Town Clerk in September. Angie is learning quickly and is doing a great job!

There were three elections during the year, two in which I was actively involved. They ran smoothly thanks to all who helped!

Dog licenses are due by April 30, 2011. If you licensed your dog here last year, the information is on file. With the help of our new Animal Control Officer, Fred Guldbrandsen, 1,338 dogs were licensed during the year. This is a record for our Town! The important thing to remember about dog licensing is that each one of these dogs has had a rabies vaccination, which helps fight the spread of rabies.

The number of processed auto registrations went up almost 10% from last year, even though revenues were down slightly--about 4%--most likely due to folks buying used vehicles rather than new. The numbers of people using the mail-in forms to renew their registrations and using the online renewal system have increased about 10% over last year. Remember that you can renew your auto registration by mail or online. To renew by mail, please send the renewal letter along with your payment and a self addressed stamped envelope. To renew online, follow the instructions on the renewal letter or visit our website at www.wakefieldnh.com and click on "E-Reg".

We are processing boat registrations. When you register your boat here, the Town gets to keep our portion of the fees instead of the State getting them. Revenue from boat registrations increased almost 60% from last year.

New Hampshire birth certificates 1985 to present, New Hampshire marriage certificates 1989 to present, and New Hampshire death certificates 1990 to present, have become available. Privacy Act restrictions apply.

As always we are here to help serve you in any way. Please call the office anytime, and we will help you out the best we can. Have a safe and happy new year!

Office Hours:	Monday, Wednesday	8:30 – 1:30
	Tuesday, Thursday, Friday	8:30 – 4:00
	Saturday, 1st and Last Each Month	8:30 – 12:30

Respectfully Submitted,
Monique R. Wood
Town Clerk

Bank Errors	$	7.00

TAX COLLECTOR'S REPORT

The Tax Collector's office accepts partial payments on tax bills. An increasing number of taxpayers find it easier to make small payments more often than waiting to receive their tax bills. If anyone is interested in taking advantage of this option, please feel free to contact my office to make arrangements.

The Low & Moderate Income Homeowners Property Tax Relief program is offered annually. Eligible resident homeowners, regardless of age, receive relief from a portion of the State Education Tax, which is included in our property tax rate. The filing period is May 1st – June 30th. The forms will be available at the town hall by the end of April, provided the State funds the program. The Legislature will vote on this program in April. For more details, please contact my office.

As always, anyone having questions is encouraged to call the office. The telephone number is (603) 522-6205, extension 305.

Respectfully submitted,

Cathy Kinville
Tax Collector

SELECTMEN'S REPORT

2010 has been a year of staff changes in the Town of Wakefield, along with a constant watch of the budget. In March John Blackwood decided not to run for selectman after many years of service. We thank him for his time and dedication to the town. The people elected Peter Kasprzyk, who has many years of experience serving the town on many boards. At one of our first meetings as a new board, it was decided that Kenneth Paul would be Chairman and Mark Duffy would be Vice-Chair. In May Town Administrator Robin Frost gave her notice. Robin had worked for the town for 7 years and provided the town with guidance and help on many projects, which was greatly appreciated. A search committee was formed, and about 20 applications were received. The interviews were performed, and the committee narrowed it down to the top seven candidates. We did a second round of interviews with the top three candidates. A couple of months passed with no success in finalizing an agreement with a candidate. In mid August Town Clerk Teresa Williams approached us about another position that became available, but we thought it would be an opportunity to offer her the Town Administrator's position. Teresa had been town clerk for 21 years and is very familiar with town activities. She accepted the position in late August. By her accepting this position the town clerk position became available and, luckily, her deputy Monique Wood accepted the appointment as town clerk. Monique now needed to hire a deputy. After many interviews she recommended to us Angie Casperonis, who we appointed to this position. Another position we needed to fill was that of Kathy Estabrook, the finance clerk. Kathy had worked for the town for 7 years and had a great knowledge of municipal accounting. A small interviewing group was formed with a recommendation to us of Lisa Kimball. Lisa will be a great asset to the staff of the town hall. She brings with her a bachelor degree in accounting.

The spring brought flooding into the town hall lower level and the children's library. The library had many books destroyed and created an unexpected expense for both.

The roof of the town hall was finally completed this year. This is another move forward in the completion of the town hall renovation project.

As the budget season started we asked all departments to look closely at their budgets and present to us another decrease compared to last year's budget or to stabilize their budgets. We met for many nights to present a workable budget to the budget committee. During this process the board decided it was time to look at the personnel policy, which over time will help decrease the budget. We decided to reduce the holidays by 3 days, reduce the sick days from 12 to 6 with no accruing days from year to year, and implemented an extended sick leave policy to help employees if they are seriously ill or injured for more than 5 days.

In December our Treasurer, Chris Fothergill gave her notice. Chris had worked for the town for 7 years and always presented accurate and professional reports. As of January we have a new treasurer. Her name is Heidi Smith, and I am sure she will provide the same great service that we have been receiving.

The board meets on the 2nd and 4th Wednesday of each month at 7:00pm. We invite the public to all meetings and hope that you will be able to attend a meeting this year.

We would like to thank the staff, committees and boards for all their hard work throughout the year. We hope everyone has a safe and happy 2011.

Respectfully submitted,
Kenneth S. Paul, Chairman
Mark P. Duffy
Peter M. Kasprzyk

BOARD OF ASSESSOR'S REPORT

As the chairperson of the Board of Assessors, I would like to give thanks and gratitude to the following: Relf Fogg, Member BOA; David Stevens, Member BOA; Cindy Bickford, Assessing Technician; and Rod Wood, Contracted Assessor, for all their hard work. Also, thank you to the citizens of Wakefield for all your support.

The Board is continually taking advantage of educational sessions that affect the office on a daily basis. Most of these educational programs are offered by the state and are either minimal or no cost to the taxpayer. The Board feels it is very important the state statutes are understood and followed locally for the benefit of our citizens.

Appeal/Abatement Process

Abatement application forms are available in the Assessors' Office or may be obtained online at: http://www.nh.gov/btla/forms/index.htm. All abatement applications are due by March 1.

The Board processed 55 abatement applications for the 2009 tax year.

Exemptions/Tax Credits

Reminder: The Town of Wakefield offers an Elderly Exemption. The following are a few of the requirements:

- The applicant must be 65 years old, as of April 1st of the tax year in which the exemption is claimed (if married, the eldest should apply).
- The property for which the exemption is claimed must be owned by the applicant and be his/her principal place of abode.
- The applicant must have resided in this state for at least 3 consecutive years preceding April 1st of the year in which the exemption is claimed.
- Income limitations are as follows: single $20,000 married $25,000
- Asset limitation is $150,000 (excluding the value of the person's actual residence and the land upon which it is located up to the greater of 2 acres or the minimum single family residential lot size specified in the local zoning ordinance.

All exemption and tax credit applications are due by April 15 of each year.

If you have any questions regarding your property assessment, tax credits, exemptions or if you would like to schedule an appointment with the Board of Assessors, please do not hesitate to contact the Assessing Technician, Cindy Bickford, at 522-6205 X300, or stop by the office located on the lower level in the Town Hall. Once again, thank you for your support.

Respectfully submitted,
Arlene Fogg, Chairperson
David S. Stevens
Relf Fogg

INDEPENDENT AUDITOR'S REPORT

The accounts of the Town of Wakefield for the year 2010 will be audited in March 2011. The Auditor's Report is expected to be completed in July 2011 and will be available for public inspection at the Selectmen's office, once received.

Estimated liability for landfill post-closure care costs	(818,942)
Compensated absences	(155,011)
Net assets of governmental activities	$ 1,863,547

CABLE ADVISORY BOARD

The Wakefield Cable Advisory Board and WCATV Channel 3 have had a busy year collecting information for the Selectmen to consider the new Franchise Agreement with Time Warner Cable on behalf of our cable subscribers. We have been working on programming to broadcast on Channel 3. Our volunteers have been quite successful providing our viewers some entertainment programs, but mostly our Public Town, and School meetings.

At the present time the only way these programs get broadcast is through efforts of our volunteers. One person who has been indispensible to the Cable Advisory Board over the past 17 years has decided to retire from the Board in March of 2010. Dave Tibbetts was the Cable Board Chairman for years and was instrumental in developing the Board and Channel 3 into what they are today. Dave worked on the Rules of Procedure, the policies for Channel 3, and the Franchise Agreement we are still working on. We deeply appreciate Dave's work on the Board!

As always we are looking for volunteers to record and or produce programs to air on Channel 3. The Cable Advisory Board meets on the first Tuesday of each month 7:00 pm at the Wakefield Town Hall Conference Room.

Respectfully Submitted,
Wakefield Cable Advisory Board

CEMETERY TRUSTEES

2010 was another busy year for the Trustees, as well as for Sexton Dave Mankus. Fred Elliott Property Maintenance has the contract for maintaining the cemeteries. They do an excellent job and go above and beyond what is expected. Once again, we received many compliments about them throughout the year. Fred Elliott and Dave Mankus make the Trustees' work much easier. Thank you for all you do.

Finally, we are able to sell grave sites in the new cemetery. Stonehedge is a very nice cemetery and should take care of the town's needs for decades. All cemeteries are closed from December first to May first. Stonehedge Cemetery rules and regulations are available at the Town Hall from the Selectmen's office.

Once again, I'd like to remind organizations in town, as well as individuals, that the town has over 120 cemeteries. The adoption of a small cemetery would require the maintenance of the cemetery. Time involved would be minimal and would save the Town a lot of money. Interested? Contact Cemetery Trustees at Wakefield Town Hall, 2 High Street, Sanbornville NH 03872.

Lastly, I, Allan Mayranen, want to thank my other Trustees for all they do for the cemeteries, as well as for me. Good work, guys. Thank you. Hope I haven't forgotten anyone. If I did, it was not intentional.

Respectfully submitted,
Allan E. Mayranen, Chairman
Dennis Herman, Secretary
John Blackwood, Trustee

Wakefield's new residential home construction has remained steady despite the economy. Our community continues to attract construction of new residential homes in all areas of town. Demolition of existing homes/ construction of new homes (on the same property) continues to be an overall factor as well.

The Office has seen a significant rise in the number of mechanical permits due to the installation of generators. Property owners are also installing heat in their "out buildings" such as garages and barns.

The office conducted 1562 inspections and obtained 78 hours of continuing education. As of July 1, 2011, the 2011 National Electrical Code will become effective.

The 2009 International Residential Code Book may be purchased through the office by placing an order.

We are always pleased to speak with you. If you have questions or concerns with any issues, stop by the office. We are located in the lower level of the Town Hall with easiest accessibility from the parking lot located behind the building. Office hours are Monday thru Friday 8:00 am to 4:00 pm.

If you are not able to stop by the office, you may access Building Permit Applications on-line at the Town of Wakefield website www.wakefieldnh.com.

Respectfully submitted,

Arthur Capello
Code Enforcement Officer/Building Inspector/Health Officer

CONSERVATION COMMISSION

The Wakefield Conservation Commission had a busy year. We reviewed 41 permit applications, which broke down as follows:

14 for domestic construction
7 for beach or dock work
7 timber harvest and forest management
6 for wetlands work; retaining walls, culverts and bridges
3 for state work on culverts
3 complaints
1 for state required restoration

The Town owned property on Pray Hill was turned into a Town Forest, and we are looking into other parcels that would benefit from reclassification into managed forestland. The Town Forests will be managed as multiple use properties. We will be using modern silvicultural techniques to encourage quality timber growth while encouraging residents to hike around and explore these parcels. As part of the Town forest initiative we have formed a sub-committee of the Conservation Commission called the Forestry Sub-Committee. The management of Town forests is discussed and the sub-committee meets quarterly after the Conservation Commission.

The Commission helped to send 17 5th and 6th graders to the Tanglewood Conservation Camp in Maine this past summer. A great time was had by all, and we are looking forward to sending a new group of kids for the summer of 2011.

We are always looking for new members for either commission. We meet on the 2nd and 4th Mondays of the month in the town hall at 7pm. Anyone with an interest in conservation is welcome to attend.

WAKEFIELD FIRE – RESCUE REPORT

2010 was a busy year with a 6% increase in EMS calls and a 22% increase in fire calls. We operate 4 fulltime Firefighter/ EMT personnel to make up coverage 6am to 6pm 7day a week and call personnel the remaining time.

In keeping with the replacement schedule we have in place, we replaced the 2001 Crown Victoria with a 2010 SUV command vehicle. This vehicle will carry equipment for first response to fires as well as motor vehicle accidents. We traded in the 1996 International Ambulance toward a 2010 PL Custom Ambulance. This Ambulance is the first due, and the 2003 Ambulance was moved to the backup Ambulance.

The Wakefield Fire and Ambulance responded to a total of 977 calls in 2010:
EMS calls in 2010 were 617
Fire calls in 2010 were 360

Emergency Calls:

Motor Vehicle Accidents	80	Snow machine Accidents	2
Cooking. Fires	2	Alarm Activations	46
Structure Fires	17	Chimney Fires	8
Car Fires	8	Brush Fires	13
Illegal Fires	20	Mutual Aid	40
Service calls	20	Spills, Leaks	14
Good Intent	52	Elevator Rescue	1
Power Lines	22	Misc. calls	15

Areas of town: Total Calls Fire/EMS:

Calls in Wakefield	621	East Wakefield	162
Union	37	Brookfield	87

We continue as a member of the Ossipee Valley Mutual Aid Association as well as our mutual aid relationships with our neighbors across the border in Maine and those in Strafford County. Wakefield responded to 70 calls for fire or ambulance to other communities.

Listed below are the members of the Wakefield Fire Rescue Department. I would like to thank them for their dedication and their families for the support and understanding for the long hours.

Rhodes Haskell, Deputy Chief
Dean Nason, FF, Captain

My thanks and gratitude to the Sanbornville Firemen's Association. All Funds raised by the association go to benefit the department.

I would also like to thank the East Wakefield Volunteers for their continued support.

The Officer's and members of the Wakefield Fire Rescue Department want to thank all the Town departments and the citizens of Wakefield. We appreciate and value your support. Thank you all.

Check your smoke and CO detectors. Stay safe and have a healthy 2011.

Respectfully submitted
Todd C. Nason, Chief
Wakefield Fire Rescue Department

REPORT OF FOREST FIRE WARDEN AND STATE FOREST RANGER

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands, work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 1-800-498-6868 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdfl.org.

This past fire season had a slightly lower number of fires, as well as lower number of acres burned then the 5 year average. What made this fire season somewhat unusual was that it lasted most of the summer. New Hampshire typically has a fairly active spring fire season and then the summer rains tend to dampen fire activity later in the season. This year virtually all areas of the state had fires throughout the summer due to the periodic dry spells throughout the season. As has been the case over the last few years, state budget constraints have limited the staffing of our statewide system of 16 fire lookout towers to Class III or higher fire danger days. Despite the reduction in the number of days staffed, our fire lookouts are credited with keeping most fires small and saving several structures due to their quick and accurate spotting capabilities. The towers fire spotting was supplemented by contracted aircraft and the NH Civil Air Patrol when the fire danger was especially high. The largest fire for the season was 10.3 acre fire in Charlestown. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2010 season threatened structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home.

Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

ONLY YOU CAN PREVENT WILDLAND FIRE

HIGHWAY DEPARTMENT

The Wakefield Highway Department has the following agenda for 2011: Replace the bridge on Old Wakefield Road with a 10' culvert.

This department continues to pride itself on being staffed by qualified individuals, each with their own area of expertise. As a group, they comprise an exemplary team. I thankfully appreciate all the work done by:

Fred Clough, Assistant Road Agent
Russell (Rusty) Loring, Chief Maintenance Engineer
Daryl Crawford, Maintenance Engineer
Charles Murray, Equipment Operator

The wood boiler turned out to be a great investment for the Town. Oil consumption is down to around 200 gallons a year at the Highway Garage. Our wood supply still comes from trees taken down in our right of ways.

In addition to regular maintenance and road repair, snow, ice and sleet control, the winter care of the Town's schoolyard, and municipal parking lots, the following roads in the various villages of Wakefield were tended to:

Pickpocket Road	.6 miles	Shim & Overlay
Walsh Road	.9 miles	Shim & Overlay

I would like to thank the people of the Town of Wakefield for their patience while their roads were under construction, as well as those of you who are still waiting to have your roads improved upon or rebuilt.

Respectfully submitted,
Daniel R. Davis
Road Agent

HERITAGE COMMISSION

The Wakefield Heritage Commission is excited to be nearing the completion of the Union Rail Road Station restoration project, a part of the Heritage Park Project. We are planning a grand opening on June 25, 2011. This past year we completed the restoration of the Stationmaster's office, most of the main station, built a handicap accessible bathroom, and upgraded the wiring. In addition, the exterior of the 1902 plow railcar was restored. Most of this work was done by two willing volunteers, Phil Twombley and Bill Judge, who clocked nearly 1400 and 1300 volunteer hours respectively! The total volunteer hours for the Heritage Commission in 2010 were over 3500 hours! In addition several local businesses donated materials and labor. They will be recognized at our Opening.

Torrential spring rains/wind damaged the roof on the freight house. The insurance money covered only about 25% of the repair, and we had to use monies from fund raising to complete this repair. At the same time we repaired the sills with donated labor.

We had the interior walls of the Spinney Meeting House in South Wakefield repaired, plastered and painted. To help with this, the Friends of the Spinney Meeting House donated $1100. In 2011 we will be working on the pews and the altar area.

Several applications were received for repairs or changes to homes in the Historic District. Some required public hearings, some did not. Realizing that the current process does not meet today's needs, we have begun to work on changes to the zoning regulations and will continue this in 2011 with meetings with residents and public workshops.

2010 saw the completion of Jette Park. Garrett Anthony, looking for an Eagle Scout project, came to us asking if we had anything he could do. He decided to work on what we now have named Jette Park. The Heritage Commission secured an easement from the owner to create a park at the Sawmill Bridge and Garrett planned and "built" this with flagpole, retaining wall, engraved pavers, and a granite bench. The park sign was given by the Heritage Commission. The dedication was held in July with the Jette family, Garrett and Boy Scout Troop 198, the Heritage Commission and the VFW Post participating.

We wrote a grant for $20,000 to document 18 mill sites in Wakefield. We have chosen an historic archaeologist (from Strawbery Banke) for the project and are waiting for the funding. The process will not involve digging on sites, and we will be asking residents for permission to allow us to enter private property for research and documentation at several of these sites. Jette Park, located at the Sawmill Bridge site, is part of our long range plan for this project.

Three members attended the three day New England Museum Conference in Springfield, MA. This was centered on operating museums and preserving historic sites and was an opportunity to network with professionals and laypeople with similar interests.

As we have since the first Pride Day, we again held the pancake breakfast at the Poor People's Pub on Pride Day. In August we held Heritage Day. This year's events centered on Heritage Park and the Union railroad station with tours of the plow car again being offered.

We have begun work on the cultural and historic chapter of the master plan and hope to get much of this done in 2011 with the help of the Planning Board and a knowledgeable professional consultant.

We continue to be a resource for those looking for information and guidance regarding repair/restoration of privately and publicly held historic sites/buildings as well as historical data on Wakefield and its families.

GAFNEY LIBRARY

Again the library has experienced increased usage, to the point that it became impossible to judge the number of people using library services on a given day. Each year the library grows and is at the point where its seams are ready to burst. We must discard any book not checked out later than 2006 in order to include new items on bookshelves. Patrons sit on the floor to read or use laptops. We are unable to provide space for student study and research. The number of programs has been downsized because of space constraints. New cardholders this year numbered 232.

To address the space issue a Phase I and Phase II study have been completed by a library consultant. Phase I indicated the library is doing the job of a library three times its size and should be about 12,000 square feet in size. Phase II provided a layout report based on community use and library standards. Kayla Casperonis, longtime library patron and recent graduate from Norwich College with a masters degree in architecture, provided the library with three proposals based on the consultant's Phase II report. Now funding must be addressed. Though economic times make it difficult to consider raising funds for a new or expanded library, use of the library has increased as a result of this economy. Increased resume preparation, online job searches and applications, Internet use - all are explanations for the rise in library use. The number of items circulating--books, audiobooks, movies, interlibrary loans--increased by 9% over 2009. Over 1,600 requests were made to other libraries to borrow items for our patrons. All indications point to the fact that we are under serving our Wakefield-Brookfield population.

Fundraising continues to be an important role, and this past year our second annual wreath sale, annual appeal and Gafney Giver program on Pride Day helped provide some necessary funding. In addition Peter Abate, Gafney Art Exhibit Coordinator, held a successful month long art raffle in July; and Donna, Andy and Zach Egan organized a successful Walk & Run for Books in August. Much of this funding went to offset the loss of $20,000 worth of books, audiobooks and movies lost in the flooding of the Youth Library last March. Grants for the books were applied for and received by the Libri Foundation and CLif (Children's Literacy Fund). As

part of the CLif grant, an author storytime and follow up author visit took place for students at Paul School.

Library Assistants Jennifer Rich and Jan King mobilized library volunteers to put in over 1200 hours of service in 2010, working in the adult and youth areas, on special projects and checking out and shelving circulating items. Howie Knight again headed the AARP IRS preparation program on Mondays while the library is closed and helped over 100 residents prepare tax returns. Exhibit Coordinator Peter Abate arranged spectacular monthly art exhibits and several artist receptions took place.

Over 979 books and 22,500 minutes were recorded and read by those who participated in the 2010 youth summer reading program "Make a Splash." 110 people registered for the program and 71 were active. Over 88 adults and 157 children attended the 21 programs as part of this annual library event. 117 children and adults were astounded by Scott Jameson, magician, in July as the culmination event of the summer reading program.

Children's Librarian Diane Cassidy continues to provide story times and programming for children of all ages. A monthly homeschool program is well attended, as is the monthly Lego Club.

The Gafney Knit Wits, a library knitting program organized by library assistant Janice King, met weekly to work on individual projects and a project that provided helmet caps for soldiers in Afghanistan.

More than 92 people signed up to study at the Gafney Library Literacy Program held in rented off site space at the Greater Wakefield Resource Center in Union. Those students attended the center 405 times total. GED statistics beat all past years with 31 students sitting for tests, 109 total tests administered, 103 tests passed and 19 students passing the entire battery of five tests to obtain a GED. Ages ranged from 17 to 60. The literacy staff led by library director Beryl Donovan consists of Rosemary Stewart, Program Coordinator, Dot Currier GED Coordinator, Sharon Norby and Lisa Kimball Intake Assessment specialists and tutors; GED Examiners Ginny Schweitzer, Pam Knight and Bev Dirksen.

Library Director Beryl Donovan and Children's Librarian Diane Cassidy completed a three year co-chair position in the Rochester Area Library

Cooperative (RALI) in September. All NH libraries are divided by the NH State Library into various co-ops, each containing approximately 20 libraries. The purpose of the co-op is to improve library services through the exchange of information and resources by providing workshops and materials.

The Friends of Wakefield Libraries were active in supporting summer reading materials, scholarships for GED tests, underwriting the long range planning projects and magazines for the library. The Friends meet the second Wednesday at the Pub at 12:30 and invite anyone interested to call the library at 522-3401 for more information.

The Gafney Library Board of Directors is comprised of residents of Wakefield and Brookfield. President Carol Jeffery, Vice President Toni Sanborn, Treasurer Stan Lombara and Assistant Treasurer Tom Lavender, Secretary Aru'vah Ferrill, Directors at Large Janet Gould, Marcia Hodsdon, Catherine Mills, Giannina Reilly, Sharon Thieling, Barbara Wadleigh and alternates Kim Lawrence and Phung Mercier meet once a month on the third Wednesday at 5:00 to address policy issues and plan fundraising. The public is welcomed.

Lastly, without the support of the Towns of Wakefield and Brookfield, the many patrons, and volunteers, the library would be but a shell. Thank you.

Respectfully submitted,
Beryl Donovan, Library Director

WAKEFIELD LIBRARY ASSOCIATION

In 2010, the Wakefield Public Library has done very well to provide books for their patrons. I am the new Librarian, Donna Jackson, and will be serving the residents of Wakefield, Brookfield, and Sanbornville. Our former librarian, Peg Harvey, had to resign due to an illness. In the summertime and during the Open House, we had quite a few visitors stop by to see the library. The number of patrons is rising, especially since we changed the hours. Our new hours are Wednesdays, 1-3 and Saturdays, 10-12. Opening two days a week is convenient for our patrons. I order books monthly and if there is a book a patron really wants, I go on Amazon to find the book even if it is a week after the first order. Our goal is to provide reading materials for the patrons as needed.

The trustees and I have hosted two Open Houses, one during the Autumn season and a *Christmas in Wakefield Open House*. I feel it is very important to be open for visitors to see our wonderful, historic library. By having the Open House, I was able to meet new patrons. The last Saturday of the summer when we were open from 9-12 and 1-3, the library received sixteen visitors. Each person liked the fact the library had old books and an old-fashioned catalog.

On this report is a graph of our visitors, patrons and the amount of books that are circulated.

Season/Day	Visitors	Patrons	Books
Summer Wednesdays	26	22	39
Summer Saturdays	88	21	17
Fall Wednesdays	8	31	53
Fall Saturdays	12	14	17

PARKS & RECREATION

It's been a very busy year for the Wakefield Recreation Department! Our programs continue to grow by leaps and bounds. We had more than 130 kids participate in our basketball, baseball and softball programs. Our soccer program had more than 150 kids!! We are busting out at the seams from all of our activities. Our summer camp was a huge success, with campers enjoying trips to local area attractions, special events and trips to the Town Beach. We also had a summer teen program called, "Adventure Camp." The youth who participated in this enjoyed hiking, zip line tours, whitewater rafting, skydiving, campouts and much more. This year's program is already filling up fast. Other programs that proved successful included the Fun Fall Family Festival, Hershey Track and Field, Father/Daughter Dance, the Snowball Dance, the Independence Day Celebration and Foxwood Trips. 2010's Fireworks were the best ever, and this year is shaping up to be even better. This year the show will be on July 1st so everyone else can enjoy celebrations from the surrounding communities.

This year our Annual Golf Tourney was held at Indian Mound Golf Course and raised over $3600.00 for our Independence Day Celebration. We had over 100 golfers participate in a light rain! Thanks to many sponsors and volunteers.

Again this year, we held our snowmobile safety class in which 19 people participated, and all 19 people passed the course. We hope to continue to host more classes like this in the future.

The Recreation Department would like to thank the countless volunteers, including the Recreation Commission and coaches, for their incredible dedication to the Town of Wakefield. Without the help of these people our programs would not be so successful. I would also like to take the time to thank the local businesses that continue to support Parks and Recreation. If you have any ideas or suggestions of programs you would like to see in the future, please stop by the Recreation Department.

Recreation...the benefits are endless.

Respectfully Submitted,
Wayne Robinson, Director

PLANNING BOARD

The year 2010 was filled with many new challenges, successes and opportunities for the Planning Board. One of the most significant changes that occurred was the transition to professional services by way of a consultant. This expertise allowed the Board to accomplish numerous projects while still tending to applications for Site Plan Review, Subdivisions, Boundary Line Adjustment, Preliminary Discussions, Change of Use, and Amendment to Conditions of Approval, totaling 21.

The ongoing process for updating the Master Plan was prominent throughout the year. As a means of jump-starting the Vision Chapter, a town survey was conducted in June, receiving 281 responses, including 266 from permanent residents and 15 from seasonal residents. This inquiry was distributed in paper form to local businesses for disbursement, as well as the parents of Paul School students. Responses to questions about our community then became the basis for the new Vision Statement of the Master Plan. Results of the survey will be included within this chapter as Exhibit A, and an Introductory Chapter will also be added preceding the Vision Chapter. The Board has also started work on two other chapters – Land Use and Community Facilities. A base map for determining Existing Land Use has been created, to be followed by mapping for Future Land Use. Inventory of Community Facilities has begun, and will include the present scope as well as future needs. Much progress had been made, and the Board is committed to continuing the necessary updates throughout 2011. We also hope to add a Cultural and Historical Chapter. The Heritage Commission, an arm of Planning and Zoning, has offered to assist with this task.

Natural Resources is another chapter in need of attention. Our town is rich in natural resources, but the need to maintain these riches must be recognized within the Master Plan. One of the successes this year was the procurement of a Community Technical Assistance Program (CTAP) grant jointly with our neighbors in Acton, Me. The grant provides a maximum $8500.00 in consulting services with no cost to the town(s). This funding, administered through Piscataqua Region Estuaries Partnership (PREP), is allowing us to engage in identifying means to promote the safeguarding

of our resources, with consulting provided by FB Environmental. We anticipate completion of this grant work by late summer 2011. Acton-Wakefield Watershed Alliance (AWWA) has also provided invaluable insight to help with the formation of this chapter. Additional chapters planned to be addressed include Recreation, Transportation, Economic, and Population. We welcome anyone who would like to participate in these efforts. Your help is always needed!

The Board also reviewed and revised the Rules of Procedure, with the major change being the adoption of Public Comment added to the agenda. As the first item that will appear on each agenda, it will invite the public to come forward at our meetings and state any comment they wish to convey (other than items already scheduled for discussion on that evening's agenda). We would like to hear from you, and your comments may help us to better serve you.
Another item addressed this year by the Board was compliance with RSA 155-E, Local Regulation Excavation. The Board has adopted an Excavation Application Form and Excavation Permit to comply with statutory requirements. Per statute, a reclamation plan and letter of credit / performance bond have become a part of this application. The Board has not added additional restrictions other than what is required within RSA 155-E, and applicants are directed to those State Regulations.

The Planning Board has proposed changes to the Zoning Ordinances for 2010, addressing such items as permitting car washes, modifying agricultural uses, and reducing dimensional requirements for residences, to mention just a few. This is an annual task, with review of all ordinances and regulations ongoing as the year progresses.
Once again, your public input assists us with this duty.

In April, the Planning Board accepted, with regret, the resignation of Jerry O'Connor, Alternate Member. Jerry has stepped down in order to focus his volunteering in other areas. He is an active citizen, contributing much of his time to local boards, in particular the Cable Advisory Board and Channel 3. We appreciate the time he devoted to the Planning Board, and we are most grateful for his continuing service to the community. Thank you, Jerry!

The Planning Board meets twice per month, usually the first and second Thursday, in the Town Hall Conference room. The Planning Department is open 8:00 am to 4:00 pm, Monday thru Friday. The Planning Secretary may be reached at (603) 522-6205, ext. 309. All land applications are available in the Planning office.

On behalf of the Planning Board, we thank the citizens of Wakefield for helping us through this transitional year, and we look forward to serving you in 2011!

Respectfully Submitted,

Peg Stevenson, Chair
Donna Faucette, Vice-Chair
John Blackwood, Member
Paul Winckler, Member
Peter Kasprzyk, Select Board Representative

WAKEFIELD POLICE DEPARTMENT REPORT

The Mission:

Community policing is the key! Our goal is to work with the community in a problem solving approach. We rely on you to help us solve crimes and problems. My goal is to keep our unique Town atmosphere and not let negative trends and influences affect our lifestyle. The men and women of this department believe strongly in protecting your safety and preserving our community.

Policing Efforts in 2010:

- Grant funded patrols – we conducted several patrols through cooperative grants. Speed patrols, DWI, & area wide DWI patrols, DWI Check point, and Youth alcohol prevention patrols.
- Although Calls for service keep increasing we have increased presence on patrol by streamlining our reports, and coordination of response efforts.
- We are still involved with the Carroll County drug task force, and have made several substantial reductions to the drug flow in Town.
- Although accidents as a whole have risen, we have experienced a reduction in the frequency of serious and fatal motor vehicle accidents throughout Town.
- We have broken several crime sprees keeping our crime rate much lower than area Towns which have seen a dramatic increase in burglaries and other crime.
- We have implemented Animal control duties to the Department.
- We have seen an increase in the Calls for service. Excluding Animal control calls, the calls are up about 10%; although serious crime reports are only slightly higher.
- We sent our Officers through defensive driving and accident avoidance training this year, hoping to reduce the likelihood of a serious crash.
- We continue to offer the SEALED program at the Paul School and other local crime prevention seminars at the public safety building.

Animal Control:

- The implementation of Animal Control has been very successful. Our new ACO Fred Guldbrandsen has completed the part time police academy, and animal cruelty investigations. He has been utilizing the new Kennel and ACO cruiser. The program is working out very effectively.
- When ACO Guldbrandsen is not available, other Police Officers handle the remaining calls.
- The total number of Dogs licensed in 2010 was 1289.

Improvements:

- We have implemented a "Less Than Lethal" program. We have trained Officers and equipped cruisers with shot guns for less than lethal deployment. The shot guns fire a ballistic bean bag which can incapacitate a person, and possibly give the officer another choice in a life or death situation.
- We are working to improve sexual assault and child pornography investigations, and are incorporating improved detection and investigative techniques.
- We are implementing some crime prevention classes for the public, including Fraud protection, hard targets property safeguards, home firearm protection and safety.
- We are working to establish an investigator network throughout the County for information sharing in an effort to solve more crime.
- We have added an informational web site for the Police Department which is www.wakefieldpd.com

Officer of the Year:
The members of the Police Department have voted for Michael Fenton as Officer of the Year. Michael is full of energy and common sense. He is doing a great job! During this year I also gave Michael a commendation for his bravery during an armed standoff where his calm and skillful actions prevented the use of deadly force.

TRUSTEES OF THE TRUST FUNDS

The Trustees of the Trust Funds are responsible for the prudent investment of the capital reserves and trust funds of the Town of Wakefield. The primary objective is preservation of capital with a secondary goal of maximizing earnings subject to safety constraints. The actions of the Trustees and the investment vehicles used are regulated by the State of New Hampshire, with an annual reporting requirement to the Department of Revenue Administration and the Attorney General's Office. The entire portfolio consists of monies for the Town cemeteries, charitable school scholarships, Town capital reserves, school capital reserves and Wakefield's water department, with an aggregate balance as of December 31, 2010 in excess of $1,844,794. The funds are currently managed by TD Bank and typically invested in U.S. Treasury bonds or notes, U.S. government agency bonds, or bank CDs.

The Wakefield Cemetery Fund is comprised of many small funds for the care of individual cemetery plots. The Cemetery Trustees are responsible for the actual care and maintenance of these plots using the income earned from the Trust Funds. The fund balance as of December 31, 2010 is as follows:

Wakefield Cemetery Fund	$335,701.50

In 1997 the Carl Siemon Scholarship Fund was established for Wakefield students. Several scholarship awards are made each year. The balance as of December 31, 2010 is shown below.

Carl Siemon Scholarship Fund	$176,653.97

The Trustees are also responsible for the investment of the Capital Reserve Funds that the voters of Wakefield approve each year. All new reserves and additional contributions as voted, approved, and received in 2010 have been deposited into the appropriate funds. The following Capital Reserve Funds are currently in place and the balances are as of December 31, 2010:

Highway Trucks	$26,300.68
Transfer Station	$51,762.72
Bridge Const.	$44,352.51
Fire Trucks	$165,473.06
Landfill	$382,506.09

Ambulance	$15,688.25
Public Safety Bldg. - Upstairs	$66,963.76
Recycling Equipment	$86,376.48
Highway Heavy-Equipment	$101,119.08
Aquifer Protection	$25,919.74
Town Hall Improvements	$34,463.53
Police Vehicles	$923.31
Town Cemetery	$1,118.95
Invasive Species	$24,627.87
Waste Water Treatment	$108,754.57
Technology Fund	$10,068.19
Parks & Rec. Field Maintenance	$513.30
Cemetery Maintenance	$2,246.65
Emergency Management	$1,970.86

The following funds are held for the School District:

School Transportation	$68,167.94
School Generator	$37,789.70
School Propane Tank	$4,452.93
School Architecture Fund	$10,095.22
School Technology	$10,626.55

The following funds are held for the Water Department:

Water Dept. Main Replacement	$17.322.47
Water Department	$5,427.89
Water CRF Emergency Reserves	$25,406.29

The Trustees of the Trust Funds meet periodically in the Wakefield Town Hall to review investment reports. Investment vehicles are evaluated to ensure compliance with the regulations of the State of New Hampshire. The trustees also confer with our custodian, TD Bank, regarding performance, maturities and risk/return characteristics of investments within the portfolio. Anyone interested is welcome to attend the Trustees meetings in 2011. The public meeting time and place is posted as per the New Hampshire statutes.

Respectfully submitted,
Dennis Miller
Howard Knight, Chair
Bruce Rich

ZONING BOARD OF ADJUSTMENT

The Wakefield Zoning Board of Adjustment is a quasi-judicial body, which is tasked by state law with the responsibility of interpreting the provisions of the Town's Zoning Ordinance and deciding whether relief from provisions of the Ordinance is warranted. It has been said that the ZBA is the "safety valve" of land use law, which allows "waivers of the strict letter of the zoning ordinance without sacrificing its spirit and purpose." In carrying out this role, the Board must carefully balance the constitutional property rights of citizens with the need of the Town as a whole to provide order in land use regulation.

The Zoning Board of Adjustment consists of ten volunteers, all appointed by the Board of Selectmen. There are currently five regular members and four alternates serving on the Board. My thanks go to those who served as regular or alternate members of the Zoning Board of Adjustment in 2010. They are, in alphabetical order, Cecille Arnone, John Crowell, George Frothingham, Sandy Lebel, John Napekoski, Judith Sjostrom, Doug Stewart – Chair, Sharon Theiling, and Paul Winckler – Vice-Chair. The Board meets once a month on a regular schedule, but may schedule additional hearings if the caseload requires.

During 2010, ten applications were brought before the Board. Six of these applications were requests for Variances, two were requests for Special Exception and two were requests for Appeal of Administrative Decisions. Five of the requests for Variances were granted, four of these with conditions. One request for Variance was denied. There were two requests for a Special Exception that were granted. There were two Appeals of Administrative Decision, one was resolved and one was granted with conditions.

As the current Chairperson and on behalf of the Town, I would like to thank the members of the Board for not only volunteering their time, but also for their well considered judgment in deciding the cases we hear.

Respectfully submitted,
Doug Stewart, Chairman
Wakefield Zoning Board of Adjustment

BUDGET OF THE TOWN
WITH A MUNICIPAL BUDGET COMMITTEE

OF: Wakefield

BUDGET FORM FOR TOWNS WHICH HAVE ADOPTED
THE PROVISIONS OF RSA 32:14 THROUGH 32:24

Appropriations and Estimates of Revenue for the Ensuing Year January 1, 2011 to December 31, 2011

or Fiscal Year From _____ to _____

IMPORTANT:

Please read RSA 32:5 applicable to all municipalities.

1. Use this form to list the operating budget and all special and individual warrant articles in the appropriate recommended and not recommended area. All proposed appropriations must be on this form.
2. Hold at least one public hearing on this budget.
3. When completed, a copy of the budget must be posted with the warrant. Another copy must be placed on file with the town clerk, and a copy sent to the Department of Revenue Administration at the address below within 20 days after the meeting.

This form was posted with the warrant on (Date): January 31, 2011

BUDGET COMMITTEE

Please sign in ink.

Under penalites of perjury, I declare that I have examined the information contained in this form and to the best of my belief it is true, correct and complete.

As signed by:

David Mankus

Connie Twombley

Relf Fogg

Howard Knight

Asha Kenney

Kenneth Paul

Jerry O'Connor

Richard Edwards

THIS BUDGET SHALL BE POSTED WITH THE TOWN WARRANT

2011 ANNUAL TOWN MEETING WARRANT

To the inhabitants of the Town of Wakefield in the State of New Hampshire qualified to vote in town affairs:

You are hereby notified of the First and Second Session of the 2011 Annual Town Meeting as follows:

FIRST SESSION

You are notified to meet for the First Session of the Annual Town Meeting, to be held in the Opera House of the Wakefield Town Hall, 2 High Street, Sanbornville, New Hampshire, on Saturday, February 5, 2011, at 7:00 p.m. The first Session will consist of explanation, discussion, and debate of each of the following warrant articles, and will afford those voters who are present the opportunity to debate, propose and adopt amendments to each warrant article, except those articles whose wording is prescribed by state law.

SECOND SESSION

You are also notified to meet for the Second Session of the Annual Town Meeting to elect town officers by official ballot and to vote by official ballot on the warrant articles as they may have been amended at the First Session, to be held at the Opera House of the Wakefield Town Hall, 2 High Street, Sanbornville, New Hampshire, on Tuesday, March 8, 2011. Polls for voting by official ballot will open at 8:00 a.m. and will close at 7:00 p.m., unless the town votes to keep the polls open to a later hour.

Article 1: To choose all necessary Town Officers for the ensuing year.

Article 2: Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment modifies Article 3, Table 1 – Permitted Uses to allow "car wash" as a conditional use in the Village Residential zone? **(Majority vote required.)**

Article 3: Are you in favor of the adoption of amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amendment modifies Article 3, Table 1 – Permitted Uses to allow for the production, keeping, or maintenance, for personal use, of plants, trees, shrubs and/or animals as a permitted use in Residential II, Residential III and Village/Residential with a restriction on hoofed animals and fowl in Residential II zone? **(Majority vote required.)**

Article 4: Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment modifies Article 3, Table 2 – Minimum Setbacks to eliminate the 20 foot "no disturbance of vegetation" area within the wetlands setback requirement? **(Majority vote required.)**

Article 5: Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment modifies Article 3, Table 3 – Density and Minimum Dimensional Requirements, Building Area Requirements to reduce the minimum required living area of a single family residence to 800 sq. ft. and to eliminate the requirement to apply for a special exception or conditional use permit to allow an 800 sq. ft. minimum size? **(Majority vote required.)**

Article 6: Are you in favor of the adoption of amendment No. 5 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment modifies Article 3, Table 3 – Density and Minimum Dimensional Requirements, Building Area Requirements to reduce the minimum required living area of a multi-family unit to 600 sq. ft.? **(Majority vote required.)**

Article 7: Are you in favor of the adoption of amendment No. 6 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment modifies Article 12, Open Space Conservation Cluster Development to reduce the minimum required living area for a single family residence to 800 sq. ft.? **(Majority vote required.)**

Article 8: Are you in favor of the adoption of amendment No. 7 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment modifies Article 13, Recreational Campgrounds and Camping Parks to add standards for decks that are used for a recreational vehicle? **(Majority vote required.)**

Article 9: Are you in favor of the adoption of amendment No. 8 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment modifies Article 16, Private Campsites to increase the time period for private campsites to remain with Planning Board approval if associated with the construction of a permitted single family dwelling or duplex? **(Majority vote required.)**

Article 10: Are you in favor of the adoption of amendment No. 9 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment modifies Article 16, Private Campsites to add "portable" as a source of electricity needed at a private campsite which must comply with applicable electrical codes? **(Majority vote required.)**

Article 11: Are you in favor of the adoption of amendment No. 10 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment modifies Article 21, Signs to allow (2) two offsite directional arrows with the restriction that only one is allowed if more than one property is for sale on any one street? **(Majority vote required.)**

Article 12: Are you in favor of the adoption of amendment No. 11 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment modifies Article 21, Signs to establish a 72 hour time period to remove "for sale" related signs from sold properties? **(Majority vote required.)**

Article 13: Are you in favor of the adoption of amendment No. 12 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment modifies Article 21, Signs to allow a legally approved business to have one off site directional sign? **(Majority vote required.)**

Article 14: Are you in favor of the adoption of amendment No. 13 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment modifies Article 21, Signs to remove offsite directional sign from prohibited signs? **(Majority vote required.)**

Article 15: Are you in favor of the adoption of amendment No. 14 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment modifies Article 22, Yard Sales to address incorrect article reference? **(Majority vote required.)**

Article 16: Are you in favor of the adoption of amendment No. 15 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment modifies Article 23B, Home Enterprises to state that there are four (4) categories of Home Enterprise? **(Majority vote required.)**

This appropriation is recommended by the Board of Selectmen, by a vote of 3-0, and the Budget Committee, by a vote of 8-0-1.

Article 28: To see if the Town will vote to raise and appropriate the sum of Seventy-Five Thousand Dollars ($75,000) to be added to the Highway Truck Capital Reserve Fund previously established. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen, by a vote of 3-0, and the Budget Committee, by a vote of 10-0.

Article 29: By Petition: Are you in favor of having the office of town clerk combined with the office of tax collector, thereby creating a new office of town clerk-tax collector to be held by one individual in accordance with RSA 41:45-a? If adopted, the town shall choose by ballot one individual as town clerk-tax collector, and such individual shall serve for a term of three years. (Majority vote required.)

Article 30 : To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for Forest Fire Management and to raise and appropriate the sum of Two Thousand Dollars ($2,000) to be placed in said fund and further to appoint the Board of Selectmen as agents to expend. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen, by a vote of 3-0, and by the Budget Committee by a vote of 6-1.

Article 31: To see if the town will vote to raise and appropriate the sum of Twenty Thousand Dollars ($20,000) for the purpose of surveying, architectural design and other pre-construction services for a parks and recreation building on the ball field property this appropriation to

be partially or entirely offset by the sale of timber on Map #200 Lot #3. This appropriation will be non-lapsing and shall not lapse until the completion of the project or December 31, 2016 whichever comes first. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen, by a vote of 3-0, and by the Budget Committee by a vote of 5-4.

Article 32: To see if the Town will vote to lease the Old Town Hall, specifically identified as Tax Map 150, Lot 3, to the Parish Helpers, Inc. at $1.00 per year for ten years. The Parish Helpers have been leasing the Old Town Hall on a similar arrangement at least since 1899. (Majority vote required.)

This article is recommended by the Board of Selectmen, by a vote of 3-0.

Article 33: To see if the Town will vote to raise and appropriate Four Thousand Eight Hundred and Eighty-Five Dollars ($4,885) for the purpose of purchasing an updated video camera system for use in police vehicles. This appropriation will be offset by a 50/50 Highway Safety Grant. The town's portion of the appropriation will be Two Thousand Four Hundred Forty-Two Dollars and Fifty Cents ($2,442.50) and is contingent upon the receipt of the grant. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen, by a vote of 2-1, and by the Budget Committee by a vote of 9-0.

Article 34: To see if the Town will vote to authorize selectmen to convey the Union Schoolhouse property (80 Chapel Street, Union: Tax Map 244, Lot 26) to the heirs of Arthur L. Taft on such terms and conditions as the selectmen deem appropriate. This property was donated to the Town by Arthur L. Taft in the early 1900's (deed ref: Book 122, Page 70 and Book 131, Page 226) for school purposes. The properties are no longer used for school purposes and should be returned to the heirs of Arthur L. Taft. (Majority vote required.)

This article is recommended by the Board of Selectmen, by a vote of 2-1.

Article 35: Shall the Town raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purpose set forth herein, totaling $3,956,452? Should this article be defeated, the default budget shall be $3,863,610, which is the same as last year, with certain adjustments required by previous action of the Town or by law, or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (Majority vote required.)

This appropriation is not recommended by the Board of Selectmen, by a vote of 2-0, and is recommended by the Budget Committee, by a vote of 8-2.

Article 36: To transact any further business that may legally come before this meeting.

Given under our hands and seal, this 28th day of January, in the year of our Lord Two Thousand Eleven.
